The registration link for PICS given below
http://www.epgpics1121.com

Once you have signed up and been approved, you will use this box to sign in to PICS

PICS has a training video which can be viewed by clicking here

If you are a new supplier to PICS – enter your email address in this box and click on continue to sign up with PICS.
All New Users must select the appropriate role for PICS – if you are a supplier to Visteon select “Visteon Supplier”
All Users must submit the information on the left to complete their registration with PICS. Enter all the information as requested and then click on submit.

You will be notified via e-mail of your User ID and Password usually within one business day.

Please take care when entering the preferred Measurements (imperial or metric) and Decimal Demarcation (period or comma) as this will be how information will be entered on all 1121’s.
Once you are registered and log-in to the PICS website you will see the Home Page.

The “Home” link will bring you back to the Home Page.

The “Update Profile” link will allow you to make changes to some of your personal information including changing your password.

The “Help” link will bring you to a list of FAQs.

The “Training” link will open a training video for PICS.

NOTE:

“Open 1121s”, “Submitted 1121s” and “Contact Us” are all detailed later in this presentation.

Announcements will have information on any recent updates or changes to PICS.

Packaging Documentation will provide packaging guidelines, specific training materials and other information as available.

Packaging Contacts has regional packaging contact lists for Visteon.
The “Open 1121” link will show all parts which are still requiring an 1121 to be submitted.

Search Query can be used to find specific parts, parts for a specific supplier site code, or parts for a specific Visteon plant code.

If you do not see your part(s) listed, please request they be manually entered.

Send request to epkghelp@visteon.com

Be sure to include the following information: Part Description, Part Number, Supplier Site Code, Visteon Plant Code.

A red circle with an X will appear if an 1121 has been rejected back to you.

Clicking on the circle will open a new window that will provide feedback on why the 1121 was rejected.

To access a specific 1121 form click on the Part Number.
Once an 1121 is opened the packaging information can be entered.

Photos must be in a .jpg format and have a file size of **200k or less**.

If photos do not match this criteria you will receive an error message.

** Consider saving all data inputs before uploading pictures **

Once all information has been entered and is accurate—click on the “Continue to Step 2” button.
The 1121 Form has been submitted to Visteon Staff for review.

Do you want to submit more 1121’s with same data?

Yes  No

Once an 1121 is submitted you will have the option to submit another part with the exact same data.

NOTE: The data must be exact and you will not have the opportunity to make any changes before additional part numbers are submitted.
The 1121 Form has been submitted to Visteon Staff for review.

Do you want to submit more 1121's with same data?

Select the 1121 you would like to submit with the exact same information.

NOTE: The data must be exact and you will not have the opportunity to make any changes before additional part numbers are submitted.
Once an 1121 is submitted, the approval status can be tracked under the “Submitted 1121s” Link.

Yellow = approval at that level is pending
Green = approval level is completed

Once PKG2 Approval Level is completed, the 1121 is considered to be fully approved.
For more information on the history of an 1121 - Click on the part number and a new window will open that will contain historical information and dates for each 1121.
